NEWS RELEASE

February 15, 2007

Windarra Minerals Ltd. (“Windarra”) is a TSX Venture listed resource exploration company which owns approximately 71% of the issued shares of Westward Explorations Ltd. (“Westward”, the “Company”) In 1995, Windarra sold an 11.12% interest in the Magnacon Mine property to Westward. Canada Revenue Agency (“CRA”) questioned the valuation of the property as reported by Windarra consultants, Watts Griffis and McQuat. In May 2000, Westward’s 1995 Corporate Income Tax Return was reassessed and Westward filed Notice of Appeal with the Tax Court of Canada. The appeal was partially allowed, and a judgment received from the Court in February 2006. As a result of this judgment, Westward has a liability at December 31, 2006 representing taxes, accrued interest and a portion of the CRA legal costs in the amount of \$920,754.

In a news release dated October 5, 2006, Westward announced that it had engaged the services of consultants Campbell Saunders to facilitate a settlement of this matter. Westward is taking steps to work out a settlement with CRA in order to allow it to continue in the acquisition and exploration of mineral properties. Campbell Saunders, on behalf of Westward, has filed a Notice of Intention to Make a Proposal pursuant to provisions of the Bankruptcy and Insolvency Act. Westward continues to negotiate with CRA and its creditors and further meetings are scheduled in early March.
